Dear Harold,

Due to the fact that I was delayed getting home Saturday night, I was only able to tape about the last 20 minutes of Lou Gordon. However, I think I got most of the comments you were interested in. Gordon reminds me alot of Cigna - he antagonizes his guests by constantly interrupting them and not letting them finish a statement.

Depending upon which weekend we have to work overtime, I hope to drive down either the weekend of March 5 or 12, if that's OK with you. We've been putting in alot of overtime again these past few days because we had another document production deadline to meet. We made it again - we're batting 3 for 3 in meeting deadlines.

I sent Jim a dub of the Lane/Morrow interview and a separate tape of Lane's comments on King.

As soon as I find out which weekend I'll be free, I'll let you know. Hi to Lil.

Best,

Karen
